

OUTBOUND INTERNATIONAL COLLABORATIVE PROGRAMME

From Universiti Teknologi PETRONAS Malaysia to Deakin University Australia

Through this special track, UTP and Deakin University will work together to ensure students complete the programme - the first two (2) years of Electrical & Electronics Engineering, Mechanical Engineering, and Information Technology at UTP, and the remaining two (2) years at Deakin University. Besides that, this special track also allows students to complete the first three (3) years of Civil Engineering at UTP and the remaining one (1) year at Deakin University. Upon completion of the study, the students will be conferred with an Honours degree from Deakin University
